PRESIDENT'S MINUTE

Welcome to the peak of riding season! By this time each year we are, typically, watching Fall creep up on us

and letting our passion for riding erode somewhat. Typically, that is but...not this year. We are still rolling off of great rides and planning new ones. It's like the excitement and momentum of Spring continues. We just finished a great ride to Dodgeville where success was measured in laughs, jokes, back roads, and simply good fun.

Our annual trek to Sturgis resulted in three new members; Roxray Adonis, and David & Laura Whiteside and added more "war" stories to our treasure chest of memories.

Stewart led his tradition-ally successful Mendota Sweet Corn Ride and we are

looking forward to the Harley 110th Anniversary, Greg Smith's Galena ride, Mary Walters Highground Ride to commemorate Gerry Dederich's Korean War service, our Progressive Dinner ride and, our Fall Colors ride. All great events and worth every ounce of effort that it takes to load the bike and join the group.

One of our most important events of the year is coming soon and that is our annual election. This year's cycle will include electing a secretary, treasurer, and two directors for two – year terms each. The eligibility and nominating process will be explained at our general meeting with membership dues due by 30 Oct and nominations closed by mid Nov. Members in good standing i.e dues paid, longevity requirements, GRASS, and experience requirements met will be eligible to nominate, vote, and hold office. (Cont. Pg 7)

Fall Colors... and Safe Rides

By Bard Boand
Senior Road Captain

The fall riding season will be upon us soon. As you know, each season has its own riding peculiarities and things to address in order to ride safe.

Here are a few to remember this fall as you plan your rides:

Leaves on the pavement are very slippery, especially when wet. Not only will your tires slip, but so will your feet when backing up your bike while parking.

Moisture forms on the pavement with rapid temperature change and temperature difference between ground and air. Be especially watchful in the early morning hours. Ever heard of "Black Ice"?

Temperature variation from morning, noon, and evening are usually more dramatic in the fall, so "all seasons and all weather" dress should be considered on your person and / or in your tour pack.

Tire pressure. You all check your tire pressure each and every time you ride, right? Ya, [right....AMAZING...????@#\\$%^&*?*](#) As the fall air and pavement cools, air molecules contract, causing reduced tire pressure as the weather cools. If the last time you checked your tire pressure was mid-July, expect your tires to be near flat come October, if you haven't killed yourself in between.

It gets dark earlier...Road Captains or individuals planning a trip this fall be aware of earlier sun-set times if you wish to avoid riding at night.

The fall air is clean and crisp, the colors are spectacular, to many it's the best time of year for motor vehicle touring, so **be aware of increased weekend traffic and drivers** looking at the fall colors rather than the roadway on other traffic..

So.... Keep these things in mind as you plan your fall rides. If you address these things BEFORE you leave, you will be able to ride confidently and safely into the autumn days!

What's On Your VP's Mind

By Larry Scalzitti

One of the sure signs of summer is the appearance of local cruise nights. If you're a classic car guy or gal, you've probably been to a few of these events. If you've never attended one, then you owe to yourself to give these cruise nights a try. Last month, Judy and I went to Mundelein's "Park On Park." The next one will be

September 11th and runs

from 5 pm to 9 pm. The epicenter of the event is Park Street and Seymour Avenue in Mundelein. Last month there were over 600 classic cars and trucks displayed. Believe me, you'll find something to love and probably even more to like. In addition to the local eateries, there are food vendors to help ease your hunger and your thirst. On your way home make sure you check out La Luz Bakery on the northwest corner of Main Street (Route 45) and Park Street. It's a real urban bakery that is sure to kill your diet and thrill your taste buds.

If it's true that they save the best for last, then guess what the last Park On Park night for 2013 is centered on? Motorcycles! I'd like to see every Top Cat ride their motorcycle there on October 9th. No cars, just motorcycles. More news will be available about this event on the website and at the general meeting in September. I used to own a 1976 Corvette and like all guys that's one of cars I regret selling. Right now I have a thing for 66 Chevelles, 67 Camaros and 71 Corvettes. Judy does not share my love for all things Chevrolet, she wants a 65 Mustang convertible. If we ever find the cash, what do you think will show up in the warehouse first?!

The final numbers are in for the trip out West this summer - 32 days - 8990 miles - 21 states - lots of National parks, monuments or forests - miles and miles of twisty mountain roads with few cars and great weather. I only had one solid day of rain, another day with a terrible downpour for over an hour and just a few days with light sprinkles that doesn't even count.

Ride safe and ride often,
Larry

Let's Ride

LONG BEFORE HARLEY OWNERS GROUP® BECAME A FORCE IN THE MOTORCYCLE WORLD, Harley-Davidson clubs to ride and share their passion. The first club, which originally appeared in *Motorcycle Illustrated*, was the Chicago group.

As described by the magazine, the first annual picnic and fund-raiser, held on June 29, was the interest of the city. Many of them accompanied the club, and a few piloted their own machines. Over 100 people participated in the program."

To read more about early Harley-Davidson clubs and events, see Archives on Page 64.

I think that this group should head out to Sturgis. Maybe we should do that every year!

{President's Minute.. Continued}

The single most important obligation that each of us has is to assure that we have the best possible leadership team in place to manage the operations of Top Cats-Illinois. We owe that to our Club, to our fellow Top Cats, to future Top Cats and....to ourselves. So as you ponder the nominating process and look at the potential candidates, view it not as an opportunity to put a buddy on the Board but as an opportunity to assure the continued growth and success of our Club. Keep this in mind and choose your leaders wisely. If we all embrace this philosophy we'll enjoy many more years of the safe riding excitement and adventures that is the legacy of Top Cats – Illinois.

Let's roll,
